Directions:

1. Glue the desired number of miniature items to the lid of the jar.
 - a. **NOTE:** If you received one of the small green trees or the pine cones, I recommend running them under water for 1 minute prior to gluing them to the lid. This keeps the color from running. Let dry for 1-2 hours.
2. Add the glycerin or oil to the jar.
3. Fill the jar with water up to the first line.
4. Add glitter, screw the lid on tightly, and shake!
