

Mini Snuffle Mat

Supplies needed:

- Rubber mat with holes
- Sharp scissors
- Fleece fabric (2 different kinds)

Directions:

1. Cut the fleece into strips. You'll need **at least** as many strips as there are holes in your mat.
2. Choose one color of fleece strips.
3. Double knot the strips along the entire edge of your mat. Loop the strips through each hole, filling in the inside of the mat.
4. Flip the mat over.
5. Double knot the strips in the opposite direction of your first color strips. (It's suggested that you push all the fleece through the holes and then flipped the mat back over to double knot the loose ends.)
6. Hide food, treats, toys, etc. in the snuffle mat, and your dog will forage for them!
